Description: As per recent UGC (Online Courses) Regulations, 2018 Higher Educational Institutions can now offer Certificate, Diploma and Degree Programmes in full-fledged online mode. Open Educational Resources (OER) provide opportunities for educators to support access to a higher quality education by enabling easy availability of open educational learning materials for teaching learning purposes. These resources may be harnessed in developing online courses. The IQAC cell organized two days Orientation Program on "Use of OER in Teaching and Learning" The major objectives of the training workshop were to: i). Create awareness among the faculty members and students about the use of OER in teaching learning; and ii). Enable the faculty members to use and integrate OER into their teaching practice. The topics covered are

- What is Open Education
- What is Open Licenece
- What is OER
- Benefits of OER
- National and International Repository
- 5Rs of OER
